## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-5, 7-10, 12, 14, 15 and 34-40 are allowed.
2. The following is an examiner's statement of reasons for allowance: the examiner agrees with the applicant in regards to the novelty and non-obviousness.
3. While there is a lot of art regarding automatically developing metadata and regarding discussion forums, most do not teach or suggest a combination such that the production of content automatically creates discussion forums and then automatically invites users to join the forum based on user preferences. The combination is novel and non-obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The art teaches further background on discussion forums and metadata.
